

EDIBLE GUM (BAVAL) 500GM

Swastik Baval Gum - Natural, Pure & Highly Functional

Swastik Baval Gum is a premium-quality natural gum sourced from select Baval (Acacia) trees. Known for its excellent binding and thickening properties, it dissolves smoothly and enhances the texture of sweets, beverages, and herbal preparations. Rich in soluble fiber and traditionally valued for supporting digestion and overall wellness, it is hygienically processed and packed to deliver purity, freshness, and consistent performance in every use.

□ Swastik Baval Gum - Natural, Pure & Highly Functional

Swastik Baval Gum is sourced from premium-grade Baval (Acacia) trees and processed with strict quality standards to deliver a natural, versatile, and highly effective ingredient for culinary, health, and industrial applications. Known for its binding, thickening, and stabilizing properties, Baval Gum is a trusted choice across food, wellness, and traditional uses.

□ Key Features
