Swastik Gold is engineered for excellence, delivering unmatched performance to create rotis that are remarkably soft, fluffy, and full of authentic wheat flavor. It's more than just atta; it's a promise of superior quality, nutrition, and culinary success for your family.

Key Features & Benefits

- **Premium Golden Wheat Blend:** Made from a selective blend of high-quality golden wheat varieties, chosen specifically for their superior gluten quality and taste, resulting in a richer color and better elasticity in the dough.
- **Chakki Fresh & Stone-Ground:** Traditionally stone-ground to ensure low heat is generated during milling. This preserves the wheat's natural nutrients, aroma, and protein integrity, guaranteeing consistently soft rotis.
- **Exceptional Softness & Elasticity:** The premium blend ensures the dough is easy to knead, highly pliable, and rolls out smoothly. It puffs up perfectly on the flame, delivering restaurant-quality, soft rotis that stay supple for hours.

- **Richer in Protein & Fiber:** Being 100% whole wheat, it retains the bran and germ, making it a natural source of dietary fiber for digestion and plant-based protein for strength and energy.
- **Economical 10kg Premium Pack:** The large 10kg bag offers great value for families who prioritize quality, ensuring your kitchen is always stocked with the best atta without frequent repurchases.
- **Versatile for Gourmet Cooking:** Perfect for creating a variety of flatbreads, from everyday chapatis to special stuffed parathas, naans, and even whole wheat pizzas and baked goods.
- **Trust of Swastik Gold:** A product from the premium range of Swastik, a brand trusted for generations, now offering an elevated experience for those who seek the very best.
